

LEONARDO DA VINCILAN 15  
BE-1831 DIEGEM – Belgium

## DECLARATION OF CONFORMITY

Manufacturer's Name: Johnson & Johnson International

Manufacturer's Address:  
c/o European Logistics Centre  
Leonardo Da Vincilaan, 15  
BE-1831 Diegem  
Belgium

Product: **ULTRAPRO™ Hernia System**

Product Codes and Description: See Attachment 1

Classification: Class III (Annex IX, Rule 8)

GMDN Code: 44756 (Composite-Polymer Surgical Mesh)

MDD DD Number: 100159483

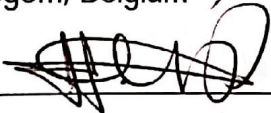

EC Class III Device Declaration
We, Johnson & Johnson International, hereby declare the above listed Medical Device complies with Council Directive 93/42/EEC as amended by 2007/47/EC. This declaration of conformity is issued under the sole responsibility of the manufacturer.
This declaration is made on the basis of EC Design Examination Certificate No. CE 505757, issued by the BSI Group The Netherlands B.V. Notified Body Number 2797, in accordance with Annex II Section 4 of Council Directive 93/42/EEC as amended by 2007/47/EC.
EC Quality System Certificate No. CE 589698, issued by the BSI Group The Netherlands B.V. Notified Body Number 2797, in accordance with Annex II Section 3.2 of Council Directive 93/42/EEC as amended by 2007/47/EC.

Place of Issue: Somerville, New Jersey, USA,

Signature:  Date: May 21, 2021

Title/Position: Susan Lin, Associate Director, RA

Place of Issue: Diegem, Belgium ,

Signature:  Date: MAY 21, 2021

Title/Position: Veronica Ysunza, Quality Assurance Manager

<b>DHF Number</b>	100159483
<b>DHF Title</b>	<i>ULTRAPRO Hernia System</i>
<b>Business Unit/Platform</b>	<i>Ethicon Inc./ HERNIA MESH</i>
<b>Responsible R&amp;D Team Member</b>	<i>Susan Cooper, Kai Thiemann</i>
<b>Start Date</b>	<i>April 28, 2019</i>

**Product Details**

Product Code	Product Description	Rationale for selecting the representative product	Is there a Patient Contact Pathway? Y/N**
<b>N/A</b>	<b>N/A</b>	<b>See Appendix All SKU's were screened, no representative product was required.</b>	<b>See Appendix for Patient Contact status of SKU</b>

\*\*If the Patient Contact Pathway determination, as expressed below, is "N" for all devices covered then the form can be approved and further action is not required.

Per the MDR, Patient Contact Pathway is defined as:

"Devices, or those parts thereof or those materials used therein that:

- are invasive and come into direct contact with the human body,
- (re)administer medicines, body liquids or other substances, including gases, to/from the body, or
- transport or store such medicines, body fluids or substances, including gases, to be (re)administered to the body"

**Section D – Justification for Continued Usage of RS Material**

Analysis and estimation of potential patient or user exposure to the substance
Not Applicable
Analysis of possible alternative substances, materials or designs, including, where available, information about independent research, peer-reviewed studies, scientific opinions from relevant scientific committees and an analysis of the availability of such alternatives
Not Applicable
Rationale as to why possible substance and/or material substitutes, if available, or design changes, if feasible, are inappropriate in relation to maintaining the functionality, performance and the benefit-risk ratios of the product; including taking into account if the intended use of such devices includes treatment of children or treatment of pregnant or breastfeeding women or treatment of other patient groups considered particularly vulnerable to such substances and/or materials
Not Applicable
Where applicable and available, the latest relevant scientific committee guidelines in accordance with MDR guidelines on phthalates and other CMRs and EDCs
Not Applicable

**Note: Please enter “N/A” for Not Applicable in any fields which are not required to be otherwise populated**

# EC Design-Examination Certificate

Directive 93/42/EEC on Medical Devices, Annex II Section 4

**No.****CE 505757**

Issued To:

**Johnson & Johnson International  
c/o European Logistics Centre  
Leonardo Da Vincilaan 15  
BE-1831 Diegem  
Belgium**

In respect of:

**ULTRAPRO™ Hernia System**

BSI has performed a design examination on the above devices in accordance with the Council Directive 93/42/EEC, Annex II Section 4. The design conforms to the requirements of this directive. For marketing of these products an additional Annex II excluding Section 4 certificate is required.

For and on behalf of BSI, a Notified Body for the above Directive (Notified Body Number 2797):

Gary E Slack, Senior Vice President Medical Devices

First Issued: **2006-06-28**Date: **2021-03-05**Expiry Date: **2024-05-26**

...making excellence a habit.™

Page 1 of 4

Validity of this certificate is conditional on the quality system being maintained to the requirements of the Directive as demonstrated through the required surveillance activities of the Notified Body.

This certificate was issued electronically and is bound by the conditions of the contract.
